Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2021-0117 (Notice No. 2022-05)]

Hazardous Materials: Information Collection Activities

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Request (ICR) discussed below will be forwarded to the Office of Management and Budget for renewal and extension, and this notice describes the nature of the information collection and its expected burdens. Additionally, we note that on January 13, 2022, a notice with a 60-day comment period soliciting comments on this ICR was published in the **Federal Register**, and PHMSA did not receive any comments on it.

DATES: Interested persons are invited to submit comments on, or before May 5, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular

information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

We invite comments on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the Department’s estimate of the burden of the proposed information collection; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Docket: For access to the Dockets to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Steven Andrews or Shelby Geller, Standards and Rulemaking Division, (202) 366-8553, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION: Section 1320.8(d), title 5, Code of Federal Regulations (CFR) requires PHMSA to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. Today’s notice identifies an information collection request that PHMSA had previously published a 60-day notice¹ seeking comments and is now submitting to the Office of Management and Budget (OMB) for renewal and extension. This information collection is contained in 49 CFR 171.6 of the Hazardous Materials Regulations (HMR;

49 CFR parts 171-180). PHMSA has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on changes in proposed or final rules published since the information collection was last approved. The following information is provided for the information collection: (1) Title of the information collection, including former title if a change is being made; (2) OMB control number; (3) summary of the information collection activity; (4) description of affected public; (5) estimate of total annual reporting and recordkeeping burden; and (6) frequency of collection. PHMSA will request a 3-year term of approval for the information collection activity and will publish a notice in the **Federal Register** alerting the public upon OMB’s approval.

PHMSA requests comments on the following information collection:

Title: Flammable Hazardous Materials by Rail Transportation

OMB Control Number: 2137-0628.

Summary: This OMB control number is used for information and recordkeeping requirements pertaining to the sampling and testing certification, routing analysis, and incident reporting for flammable liquids by rail transportation. Rail carriers, shippers, PHMSA’s Office of Hazardous Materials Safety (OHMS), the Federal Railroad Administration (FRA), and the Association of American Railroads (AAR) may use this information to ensure that rail tank cars transporting flammable liquids are properly classified, ensure trains are routed appropriately, and collect all relevant incident data.

This OMB control number is being submitted for renewal and includes the following information collections and associated burden hours:

Confidential Business Information: Confidential Business Information (CBI) is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Pursuant to 49 Code of Federal Regulations (CFR) § 190.343, you may ask PHMSA to give confidential treatment to information you give to the Agency by taking the following steps: (1) Mark each page of the original document submission containing CBI as "Confidential"; (2) send PHMSA, along with the original document, a second copy of the original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Kay McIver, DOT, PHMSA-PHP-80, 1200 New Jersey Avenue SE, Washington, DC 20590-0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

FOR FURTHER INFORMATION CONTACT:

General: Ms. Kay McIver by telephone at 202-366-0113, or by email at kay.mciver@dot.gov.

Technical: Mr. Steve Nanney by telephone at 713-272-2855, or by email at steve.nanney@dot.gov.

SUPPLEMENTARY INFORMATION: PHMSA received a special permit request from the TGP, a subsidiary of Kinder Morgan, Inc., seeking a waiver from the requirements of 49 CFR 192.611(a) and (d): Change in class location: Confirmation or revision of maximum allowable operating pressure, and 49 CFR 192.619(a): Maximum allowable operating pressure: Steel or plastic pipelines.

This special permit is being requested in lieu of pipe replacement, pressure reduction, or new pressure tests for a Class 1 to 3 location change on three (3) proposed special permit segments totaling 5,544.83 feet (approximately 1.050 miles) of pipeline in Kanawha County, West Virginia. The proposed special permit segments are on TGP's 20-inch diameter Line 100-1 Pipeline, which operates at a maximum allowable operating pressure (MAOP) of 936 pounds per square inch gauge (psig) and was constructed in 1984.

The special permit request, proposed special permit with conditions, and draft environmental assessment (DEA) for the above listed TGP pipeline segments are available for review and public comments in Docket No. PHMSA-2017-0161. PHMSA invites interested persons to review and submit comments on the special permit request and DEA in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit is granted. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comments closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit request.

Issued in Washington, DC, on March 31, 2022, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.
